CFAY Wraps Up Road Tax Campaign

**Story by James Kimber,

CFAY Public Affairs**

Commander, Fleet Activities Yokosuka, or CFAY, wrapped up the 2024 Road Tax Campaign April 11 in the late afternoon.

The annual event was scheduled for four days over two different campaign periods at the installation's Fleet Theater.

Saury Sawada, CFAY Security's Vehicle Registration Office supervisory administrative specialist, said local tax officials visited the base and worked with CFAY

Security officials. This service makes it easy for many SOFA-members to pay the tax and verify all other vehicle ownership documentation in a convenient, one-stop shop and free of language barriers.

"We assist about 300 families per day here," Sawada said. "So about 1,200 families in total."

Sailors and families who couldn't attend the campaign can still pay this year's Road Tax, but the process must be completed off base before the May 31 deadline. Fortunately, City of Yokosuka officials have streamlined the process as efficiently as possible and provided signs in English.

Fire Controlman 1st Class Roberto Ruvalcaba of CFAY Security's Visitor Control Center was the event's petty officer in charge and has already helped several Sailors complete their vehicle's documentation.

"If you own a yellow plate mini-car or motorcycle, you will need to go to Yokosuka City Hall. Regular white plate vehicles, like the 300 and 500 series plates, will need to pay at the city tax office," Ruvalcaba said.

The tax office Ruvalcaba is referring to is the Kanagawa Prefectural Yokosuka Tax Office. The building is located on a small street off National Route 16 in Hinode-cho and offers free parking. Yokosuka City Hall also provides free parking in their attached garage, though visitors will need to ask for their parking be validated by staff.

"Please remember to bring cash and pay the tax in the exact amount," Ruvalcaba said of both locations. "The staff can't make change and can't accept overpayment."

Once the tax is paid, the city official will provide a receipt. The receipt is a vehicle owner's proof that the tax was paid, so it's a best practice to keep the receipt with the vehicle's title.

"Then just bring the Road Tax receipt, your vehicle's documents, and ID to VRO to get a new USFJ [or United States Forces Japan] decal," Ruvalcaba said. He also clarified that the vehicle's document are the vehicle's title,

Sailors and community members onboard Commander, Fleet Activities Yokosuka (CFAY) participate in the courtesy on-base road tax campaign hosted by CFAY's Security Department at the Fleet Theater. This event provides an easy and simple one-stop tax payment service for car and motorcycle owners.

JCI, proof of insurance, parking certificate, base inspection sheet, and the driver's license. Civilian employees may also need to bring their Letter of Employment.

Reagan Sailors May Receive a Temporary Pass

This year does have one difference from most years. The USS Ronald Reagan (CVN 76) is scheduled to depart Yokosuka sometime this summer for the last time to make room for the USS George Washington (CVN 73)'s return.

Chief Master-at-Arms Christazchai Kendrick is the CFAY Security Physical Security Officer. She said Reagan families may be issued a temporary base access pass for their vehicle or vehicles dependent on the sponsor's orders.

"Instead of receiving the USFJ base decal after paying Road Tax, Reagan Sailors will be issued a temporary base access pass," Kendrick said.

USFJ issues the decals to each installation in Japan. Each installation receives an appropriate number of decals for each requested shipment. The decals are serialized and each serial number is assigned to a DOD ID number.

"After we [VRO] see the Road Tax receipt and update the vehicle's information, we will issue either a USFJ decal or a temporary vehicle access pass," Sawada said. "Reagan Sailors will still be able to transfer their car to another Sailor normally. The only difference is that most Reagan Sailors won't have this year's USFJ decal."

- Reagan Sailors and their families who plan to complete their permanent change of station (PCS), sell their vehicle, or properly dispose of their vehicle – often called junking – before May 31 simply finish the check out or vehicle transfer process. The current decal is valid through May 31.

- Reagan Sailors or their families with a vehicle and either orders or documentation such as an approved Continued Logistical Support stating they are departing

between June 1 and August 31 are authorized to be issued a temporary vehicle access pass from VRO after satisfying this year's Road Tax requirements. This must be complete by the May 31 deadline.

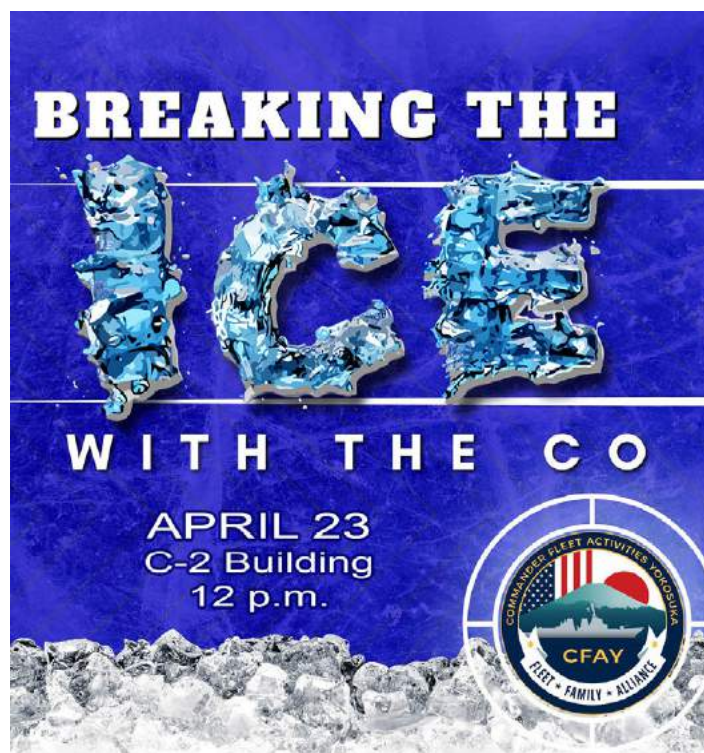

- Reagan Sailors or family members with a vehicle who have documentation stating they are expected to be in Yokosuka after August 31 will be handled on a case-by-case basis. Road Tax and either a temporary pass or a decal must be issued by VRO by the May 31 deadline.

The new decal or temporary base access pass must on display inside the windshield before May 31, 2024 at 11:59 p.m.

Maps for Yokosuka City Hall and the Kanagawa Prefectural Yokosuka Tax Office are available on CFAY's official website: <https://cnrj.cnic.navy.mil/Installations/CFA-Yokosuka/Departments/Security/Vehicle-Registration-Office/>

Road Tax is an annual tax levied on all vehicle owners in Japan. The tax is a significant part of vehicle ownership costs in the country and varies depending on several factors, including the type of vehicle, its size, engine displacement, and environmental performance. Vehicle owners in Japan are responsible to fund the nation's road infrastructure development and maintenance. A portion of the revenue may also be allocated to environmental initiatives.

For more information, please contact the CFAY Security Vehicle Registration Office at 243-5011.

You're invited to attend

Active Parenting of Teens :

For Parents of Teens and Tweens

The challenge of successfully ushering children through their teen years has always been among parents' hardest-won achievements. But in today's society where children seem to become adults overnight, and where they often make decisions about drugs, sexuality, and violence before they understand the consequences, a parent's job is more important than ever. So how can you ensure that your teens develop the skills and character they need to not only survive but to thrive as they gain independence?

Active Parenting of Teens will give you the guidance and support you need to turn the challenges of raising a teenager into opportunities for growth. You'll learn:

- Methods of respectful discipline
- Skills for clear, honest communication
- Concrete strategies to prevent risky behavior
- How to be an encouraging parent

...and much more, plus insight into important issues such as teens online, bullying, and depression.

You can create harmony and stability in your family while raising your teens to be responsible, courageous and prepared for independent life. *Active Parenting of Teens*, a video and discussion program by parenting expert Dr. Michael Popkin, will show you how. In six sessions packed with activities, discussion, real-world examples, and feedback, you'll learn a proven approach to parenting, plus indispensable techniques and insights for overcoming obstacles, that will bring happiness and harmony into your home. You'll leave each session energized and motivated to make positive and realistic changes in your own family's daily life.

Since 1983, millions of families have learned the benefits of *Active Parenting*. Now it's your turn.

Join us at the next session and see the difference!

Narrated by TV mom Daphne Maxwell Reid ("The Fresh Prince of Bel-Air") and by the author, Dr. Michael Popkin

We are looking for volunteers. If anyone is interested in participating, contact Joe Umemura. Email: tatsuya.umemura.ln@us.navy.mil, or call 243-6757.

VOLUNTEER OPPORTUNITY

USNMRTC Yokosuka will be conducting a Mass Casualty Drill on April 23-25. To maximize the effectiveness of this training we are asking for assistance. We are looking for volunteers to serve as simulated patients during this event. If you are interested in being a part of this exercise, contact our volunteer coordinators HM1 Joseph Canonigo: ijosephclint.h.canonigo.mil@health.mil.

WALKING BLOOD BANK PRE-REGISTRATION

During the April 23-25 Mass Casualty Drill, we welcome the community to come to the hospital and start the registration process for becoming a potential blood donor.

Who: All SOFA members over the age of 18

What: We are creating a database for possible donors in the event of an emergency and/or taxed/low blood supply

When: When the emergency whole blood bank has been activated (during the Mass Casualty Drill April 23-25)

Where: Dental 2nd deck of USNH Yokosuka. Please enter from door at the end of the building 1400.

Why: Our nearest blood bank is in Okinawa. During an emergency, we will likely not be able to depend on them for an increased need of blood products. We need to be able to create our own blood supply to save the lives of our friends and family.

LIMITED SERVICES APRIL 23-25

To better strengthen our capabilities in responding to a catastrophic emergency, USNMRTC Yokosuka will be conducting a multi-day Mass Casualty Drill. During this drill, routine Lab, Pharmacy, and Clinical Services will be limited April 23-25. Please plan accordingly. Services will reopen for normal operating hours April 26. **The Emergency Department will remain open.**

PREPARE TODAY! COMPLETE A RED CROSS CONTACT CARD

One of the main Red Cross missions OCONUS is to provide the Emergency Communication Message, AKA "Red Cross Message". If you or an immediate family member experience an emergency that requires you to request leave from your Command, the Red Cross can verify that emergency as a third party.

We will then deliver that information to your command, enabling them to make an informed decision regarding your emergency leave. Fill out a contact card today to ensure your contact information is ready before an emergency arises. Filling out a card in advance helps you and your family save time in a crisis.

Embrace the JOY of parenting.

An Active Parenting group is starting soon!

We are proud to bring the acclaimed **Active Parenting** program directly to you! This workshop will show you effective ways to...

- use nonviolent discipline that really works
- open up lines of communication—before they get clogged
- teach responsibility, courage, and other important character traits
- encourage school success in 7 steps
- prevent future problems with drugs, alcohol, and sex
- defuse power struggles with your children
- stimulate independence as your child grows older
- stop scolding and start smiling with your kids again!

Active Parenting will give you skills to achieve a fuller, more satisfying family life... and help your children achieve greater happiness and success. Written by Dr. Michael Popkin, one of the nation's foremost experts on parenting education, this course will show you a proven-effective approach to parenting that will lead to more harmony and happiness for you and your children. You'll learn 7 strategies for school success, along with positive discipline and communication techniques to help your family run more smoothly.

But the heart of the matter is the increased JOY you will experience as a family. Since 1983 over three million parents have learned from this dynamic, entertaining, and fun-filled video and discussion program—and now, so can you!

A video & discussion program for parents of children ages 5 to 12

You're invited to attend

Active Parenting of Teens :)

For Parents of Teens and 'Tweens

The challenge of successfully ushering children through their teen years has always been among parents' hardest-won achievements. But in today's society where children seem to become adults overnight, and where they often make decisions about drugs, sexuality, and violence before they understand the consequences, a parent's job is more important than ever. So how can you ensure that your teens develop the skills and character they need to not only survive but to thrive as they gain independence?

You can create harmony and stability in your family while raising your teens to be responsible, courageous and prepared for independent life. *Active Parenting of Teens*, a video and discussion program by parenting expert Dr. Michael Popkin, will show you how. In six sessions packed with activities, discussion, real-world examples, and feedback, you'll learn a proven approach to parenting, plus indispensable techniques and insights for overcoming obstacles, that will bring happiness and harmony into your home. You'll leave each session energized and motivated to make positive and realistic changes in your own family's daily life.

Since 1983, millions of families have learned the benefits of Active Parenting. Now it's your turn.

Join us at the next session and see the difference!

Narrated by TV mom Daphne Maxwell Reid ("The Fresh Prince of Bel-Air") and by the author, Dr. Michael Popkin

American Red Cross

One of the Red Cross's main missions OCONUS is to provide the **Emergency Communication Message**, AKA "**Red Cross Message**". If you or an immediate family member experience an emergency that requires you to request leave from your Command, the Red Cross can verify that emergency as a third party. We will then deliver that information to your command, enabling them to make an informed decision regarding your **emergency leave**.

VOLUNTEER OPPORTUNITY

USNMRTC Yokosuka will be conducting a mass casualty exercise on 23-25 April. To maximize the effectiveness of this training we are asking for assistance. We are looking for volunteers to serve as simulated patients during this event.

If you are interested in being a part of this exercise, please contact our volunteer coordinators HM1 Joseph Canonigo (josephclint.h.canonigo.mil@health.mil)

WALKING BLOOD BANK PRE-REGISTRATION

During the April 23-25 Mass Casualty Drill we welcome the community to come to the hospital and start the registration process for becoming a potential blood donor.

Who: All SOFA members over the age of 18

What: We are creating a database for possible donators in the event of an emergency and/or taxed/low blood supply

When: When the emergency whole blood bank has been activated (during the MASCAS drill 23-25Apr)

Where: Dental 2nd deck of USNH Yokosuka. Please enter from door at the end of the building 1400.

Why: Our nearest blood bank is in Okinawa. During an emergency, we will likely not be able to depend on them for an increased need of blood products. We need to be able to create our own blood supply to save the lives of our friends and family!
