Thank you for choosing Navy Child and Youth Programs (CYP) to care for your child. We are looking forward to working with you and your child.

The following information contains details that are specific to your local CYP. Please review this information and keep it in a convenient location where you can refer to it when needed. You will also be receiving a Navy CYP Parent Handbook that will provide you with important information about Navy CYP’s policies and procedures, overviews of our child and youth development goals and philosophies, details about our various child and youth offerings, and family involvement opportunities. When you receive your Navy CYP Parent handbook, please take the time to read it carefully and keep it also in a nearby location where you can refer to it at any time.

Again, thank you for allowing Navy CYP to care for your child. If you have any questions at any time, please do not hesitate to contact us.

**Locally Specific Procedures**

**CYP Online Services**

CYP Online Services is a user-friendly access point to make childcare payments, print receipts, get account information, and make reservations for hourly care, sign up for local installation CYP activities, and more. Once you are registered in CYP, go to CYP Online Services to create a username and password. You have access to your account information at any time. The link to your region’s CYP Online Services is below.

**Inclement Weather**

There may be times when CYP operations are disrupted by inclement weather. Your local installation and CYP inclement weather policy and procedures are described below.

Occasions may arise when the operation of the CYP inclement weather and procedures are listed next. The weather will always be taken into consideration before taking your child out for play. However, rain, heat, or cold does not necessarily mean we will not go out to play. Please make sure your child has the appropriate clothing for the season. Children must wear clothing that is dry and layered for warmth in cold weather. Caregiver’s should check children’s extremities for maintenance of normal color and warmth at least every 15 minutes when children are outdoors in cold weather. Children will be provided shade, water, and sunscreen. During rain, Indoor large motor activities will be planned. Heat conditions of readiness will be used to determine length of outdoor play.
During SUMMER weather the following applies:

**GREEN FLAG** is for air temperature less than 80 degrees. Normal regular hours for outdoor play.
**YELLOW FLAG** is for air temperature over 80 degrees and less than 90 degrees. Normal regular hours for outdoor play.
**RED FLAG** is for air temperature between 90 and 105 degrees. Only 30 minutes for outdoor play, must be monitored and offer lots of water to drink.
**BLACK FLAG** is for air temperature of 105 degrees or more. There will be no outdoor play CDC/CDH children. SAC, Youth, and Teen programs will limit outdoor activities to 15-minute periods followed by a 5-minute shade/water break, and water-based activities will continue as planned.

When the U.S. Naval Hospital recommends the use of insect repellents due to high risk of insect-borne disease, only repellents containing DEET may be used, and may be applied only on children older than 2 months. Staff may apply insect repellent no more than once a day and only with written parental permission.

**TYPHOON OR SEVERE STORM:**

Established procedures for preparing grounds and building shall be followed during Conditions 4-1. When Condition 1 exists and all non-essential personnel are released to go home by the Base Commander, parents will have one hour to pick their child/children personally or by a specially designated person. As children are picked up, the MWR Director or his designee may release non-essential personnel to return to their, on or off base quarters. When all children are picked up, remaining staff will secure the building and await release or reassignment by the MWR Director or his designee.

**SNOW PLAN:**

A “Snow Hazard Imminent”. This condition is set by COMFLEACT, Yokosuka when snow condition in Yokosuka is forecasted to occur within six hours. Hazardous snow conditions are defined as an accumulation of snow two inches or greater. “Snow Closure”. This condition is set when the snow condition is such that non-essential personnel are excused from work or allowed sufficient time to reach their homes before conditions become hazardous. MWR essential personnel will be on station until secured by the MWR Director.

**Patron Satisfaction and Concern Procedures**

Navy CYP is committed to providing your child and family with the highest quality of care possible. We welcome family feedback, suggestions, and comments at any time. You may ask questions, offer suggestions, or raise concerns by contacting the CYP front desk or your CYP Director. We will listen to your concerns and will work with you to determine the most appropriate response on an individual, case-by-case. Information about the local process for handling command/program complaints is listed next.

We are committed to providing your child with the best possible care. However, we know there may be times when you have suggestions and comments. Concerns or questions will be handled on a case-by-case basis and can be directed to the front desk or by contacting your CYP Director.
CFAY Child and Youth personnel will provide timely and appropriate responses to all parent concerns. Please address any classroom concerns first to the classroom staff. If a satisfactory solution cannot be reached, contact the program supervisor or manager. If necessary, contact the CYP Director who will make every effort to find a fair solution. Child and Youth Programs are here to best meet your family's needs in our group settings. The concerns, ideas, positive feedback, and involvement of parents are an integral part of this care. We invite you to contact any of our staff members if you have any questions, comments, suggestions, or concerns.

For both positive and negative feedback, parents are also welcomed to use the Interactive Customer Evaluation (ICE) system at http://ice.dis.mil/. ICE allows DOD customers to rate products and services by DOD offices and facilities worldwide. Your comment card ratings are used to improve the products and services available to you.

In addition, each CYP program shall survey parents on an annual basis to determine satisfaction with staff, programs, facilities, and services. Information collected from these surveys will be used to improve our services.

**Emergency and Disaster Plans**

Self-Care Policy

The self-care policy, also referred to as the home alone policy, provides guidance on the circumstances under which children/youth under the age of 12, residing on or using services provided on a military installation of DoD facility, can be left without supervision. This includes weekends, evenings, or during school breaks in the day. This policy is developed by the local Installation Commanding Officer. The self-care policy is described below.

SUPERVISION OF CHILDREN AND CURFEW POLICY STATEMENT

We are reminded daily that the world is a dangerous place, obligating us to do everything we can to protect our children. As such, parents and guardians are responsible for appropriate and adequate supervision of their minor family members at all times, whether on or off base. This policy applies to all family members, civilian employees and their family members assigned to or visiting Fleet Activities (FLEACT), Yokosuka and Ikego housing Areas. Any minor violating the curfew policy will be detained by base security until his or her sponsor; guardian or representative of the sponsor’s command comes to assume custody. Repeated or particularly egregious violations may provide a basis for referral to Family Advocacy and/or revocation of command sponsorship for the family.
