

# Piano Lessons

## Yokosuka & Ikego Community Center

Classes offer a comprehensive approach to developing piano skills and music literacy for all levels. Students will learn to read and play music using proper notation, rhythms, time signatures, intervals, scales, and chords, while also applying these skills in creative ways. Instruction includes building technical proficiency, developing confidence in playing scales and chord progressions, understanding note values and dynamics, and improving sight-reading abilities. Lessons also introduce advanced techniques and musical theories to help students refine their artistry. Students are expected to practice regularly at home and should have access to a piano or a keyboard with full-sized weighted keys.

# Guitar Lessons

## 11 a.m. - 6 p.m. • Yokosuka Community Center

Learn to play an acoustic or electric guitar, whether you are a beginner or intermediate student, child, or adult. You can get started by taking lessons from a private teacher at the Community Center. The teacher will provide structured lessons and personalized feedback and will teach fundamental guitar anatomy, proper holding, tuning, and basic open chords. Regular practice of these elements – strumming patterns, tuning, and chords – combined with patience and consistent effort will help build skills.
