BRAZILIAN JIU-JITSU (RENZO GRACIE JAPAN): Brazilian Jiu-Jitsu is a martial art and combat sport that teaches a smaller person how to defend themselves against a larger adversary by using leverage and proper technique. It is a perfect self defense mechanism that focuses on grappling and ground fighting. New teachings under the Renzo Gracie Academy.

FUSHIN-RYU KARATE: This martial arts was imported to Okinawa and blended with the indigenous fighting techniques of the island. The lord of ancient Okinawa and later feudal lord of Kagoshima, on the southern most tip of Kyushu in Japan, banned the use of weapons, thus giving rise to the development of "empty hand" fighting and self-defense techniques. Your participation in Karate classes will teach you correct ways to breath, exercise and stretch, increasing fitness and flexibility. Studying Karate will help you develop self-control and self-discipline enabling you to learn the self-defense moves giving you confidence and the ability to defend yourself and others.

JUDO: Judo is considered one of the most famous Olympic sports and best known for its spectacular throwing techniques and mat work, including control holds, arm locks and Judo choking techniques, the standards of this martial art. As a club, Yokosuka Base Judo Club has more than 50 years of history. Discipline in the art of Judo and also learning some Japanese language are a part of our teachings.

KALI HIMAGSIKAN PEKITI-TIRSIA-KALI: Kali Himagsikan focuses on expanding our knowledge and understanding Pekiti-Tirsia in all of its beauty and complexity. Kali is one of the many names used to describe the versatile fighting art of the Philippine Islands. Himagsikan means revolution. With all revolutions it is about challenge and change, of going beyond our comfort zone, and pushing ourselves to the limits. It is with this mindset and discipline that our passions can go forth to increase our knowledge, evolve our capabilities, and improve our spirit in pursuing this beautiful art.

TAEKWON-DO: Taekwon-do focuses on building confidence and learning respect and focus while also developing discipline, control, and self-defense. Led by world champions, this class will help to improve self-esteem, flexibility, for good posture, fitness, technique, coordination, and skill.

WRESTLING (OPEN): The Seahawk Wrestling Club recently took 3rd place in the 23rd Annual All Japan Self-Defense Force Wrestling Tournament, led by Coach Noda, the founder and driving force behind the team. Join them in the Hawk's Nest as they practice in conjunction with Japan's National Defense Academy in preparation for off-base tournaments.

WRESTLING FUNDAMENTAL: Introductory class with wrestling centered activities about fitness and group participation. Exercises are fun and gamified, yet build the core stability for wrestling and interacting with others both on and off the mat.

COMPETITION WRESTLING (Kids): This is a step up from the fundamentals class because kids are expected to follow more detailed instructions, show respect to others, and try their best. This class still uses games and conditioning like the Fundamentals class, However the goal is focused on instilling mat etiquette and actually preparing oneself for a wrestling competition one day.

COMPETITION WRESTLING (Adults): Wrestling practice for more serious competitors. Similar to the open practices run by coach Noda, except with personal instruction on technique, conditioning and winning strategies. This class is applicable not just to wrestling, but other combat sports such as Judo, Jiu Jitsu, and MMA competition.

Kaitokai (海闘会): is a martial arts developed by Japan Maritime Self-Defense Force who trained and master unarmed combat arts. Training is similar to that of mixed martial arts which utilizes different fighting techniques for self-defense. In the class, they will teach you how to use not only fists strikes but kicks, elbows, grabs to make sure you are able to defend yourself in any situation.

Note; although striking is taught, there will be no striking between instructor and participants. Pad striking and touch strike will be taught to ensure safety
